SUBJECT : **Binding Restrictions – Hurricane Earl**

The National Weather Service late on August 31, 2010 has issued the following related to Hurricane Earl, which is currently a Category 3 hurricane:

A HURRICANE WATCH IS IN EFFECT FOR...

* NORTH OF SURF CITY NORTH CAROLINA TO PARRAMORE ISLAND VIRGINIA...INCLUDING THE PAMLICO AND ALBEMARLE SOUNDS

A TROPICAL STORM WATCH IS IN EFFECT FOR...

* THE NORTH CAROLINA COAST FROM CAPE FEAR TO SURF CITY

A HURRICANE WATCH MEANS THAT HURRICANE CONDITIONS ARE POSSIBLE WITHIN THE WATCH AREA. A WATCH IS TYPICALLY ISSUED 48 HOURS BEFORE THE ANTICIPATED FIRST OCCURRENCE OF TROPICAL-STORM-FORCE WINDS...CONDITIONS THAT MAKE OUTSIDE PREPARATIONS DIFFICULT OR DANGEROUS.

A TROPICAL STORM WARNING MEANS THAT TROPICAL STORM CONDITIONS ARE EXPECTED SOMEWHERE WITHIN THE WARNING AREA WITHIN 36 HOURS.

Therefore, effective immediately, property coverage may **not** be bound with Alliance Mutual for any property located within 150 miles of any coastline. This binding restriction continues to apply for 72 hours after this disturbance has passed the coastal line of North Carolina, South Carolina, or Virginia unless written notification from Alliance Mutual has been provided lifting the binding restriction.
